Stay

An aerial photograph of a long, narrow pier or breakwater extending from a dark, rocky shoreline into clear, turquoise water. The pier is paved and filled with numerous cars parked in rows. Several small boats are moored along the pier, and many more are scattered in the water around it. The water is a vibrant greenish-blue, and the overall scene is bright and sunny.

From large, family-friendly homes boasting panoramic views of the water around us, to cosy hideaways just walking distance from the Tate, St Ives has a home to suit every need.

Come and take a look at our directory to find your perfect property.

Eat & Drink Stein's Little Secret

Source Kitchen has brought something different to St Ives. They're the No1 restaurant on TripAdvisor and were featured on Rick Stein's Cornwall.

Owners Stephen & Sophie pride themselves on using local and sustainable British produce. Line-caught day boat fish, grass-fed local beef, and Cornwall's amazing seasonal veg. The menu changes frequently based on the freshest seasonal produce. Their wine list showcases exceptional British & European wine. Lots of organic and biodynamic wine continues their commitment to sustainability. Booking recommended for a real taste of Cornwall!

DISENCHANTED!

Book, Music and Lyrics by Dennis T. Giacino

A New Musical Comedy

Poisoned apples? Glass slipper? Who needs 'em?!

Not Snow White and her posse of disenchanted princesses in the hilarious hit musical that's anything but Grimm. Forget the princesses you think you know – the original storybook heroines have come to life to set the record straight. Life has not been picture perfect and the girls tell it like it is; rebelling against The Princess Complex and preaching girl power.
