

AK WILDLIFE

LAUNCH DATE

Our most important and exciting news for you this month – we finally have a launch date for our new catamaran “Spirit of Our Seas”! We are counting down the days until the:

We hope you’re as excited as we are! Not long left now

Our normal trips will start running again the following week. We are already taking bookings for the whole year. Get in touch with us at info@akwildlifecruises.co.uk and you could be one of the first people to experience a trip on our beautiful new boat!

February 2023 Newsletter

- Launch date!
- Catamaran update
- New AK Office Manager

Hello and warm greetings from Captain Keith and the team at AK Wildlife Cruises! This month we bring you more exciting updates about our new catamaran... read more below to find out! And as always, thank you for your time, consideration and support 😊

WHATS HAPPENED

Although we’re still on land for a little longer, we’ve been delighted to see that our local waters have been bursting with life recently! It’s been inshore common dolphins and humpback whales galore all around Cornwall! 😊

Shots like this one taken by 3deep Aerial between Pendennis Point and St Mawes make us even more excited to get back out there. Check out our recent Facebook posts for more incredible footage!

CATAMARAN UPDATE

Spirit of Our Seas is looking fantastic in her brand new wrap!

All the finishing touches are coming along nicely, and really pulling everything together. Next to be fitted will be the zip down windows, which will give everyone the necessary shelter on those rainier days, whilst still allowing clear views all the way round.

NEW AK OFFICE MANAGER

As well as a new boat, AK Wildlife Cruises is also changing Office Managers in 2023!

Thank you all for your support during my time in this role. It has been my pleasure to hand over the position to Henry Gould, who will excitingly be contacting you all soon with some fabulous new cruises and ideas for you to consider and share with your clients! - Jess Bouron

Very best wishes, Captain Keith and the team
