

A Wild Rose Gin to indulge in this Valentine's Day

Introducing Padstow Distillery and the romantic Rose Gin that will complete this year's Valentine's Celebration.

A growing distillery business in the heart of Cornwall's culinary capitol, Padstow Distillery has been crafting small batches of spirits since 2019. Inspired by Padstow's idyllic coastline, founder and head distiller, David McWilliam, prides himself on using only the highest quality of local ingredients, grown and foraged in Cornwall.

Hailing its flavour from the fragrant wild roses that adorn the historic county's northern coast, **Padstow Gin Rose 70cl (£48.00)** is just one of the distillery's award-winning spirits to have earned them a place on the global stage. A natural choice for this year's Valentine's celebration, the subtle, smooth gin won Padstow Distillery a gold medal at San Francisco Spirits Competition the year of its release (2022).

Created from ocean-swept barley grown on the Camel Estuary, the Rose Gin combines the hand-picked petals of the Rosa Rugosa with the delicate spice of pink peppercorns. The botanical blend reflects the outstanding natural beauty of North Cornwall and can be ordered beautifully gift-wrapped on <https://www.padstowspirits.co.uk>.
